Holy Smokes! That used to be hard for you! Can I hear it again?

Can you tell me what your teacher wanted you to work on in that piece?

You play another piece that sounds very similar to that one. Can I hear it?

That middle section was beautiful! Can you play it again for me?

Can I hear that again but just with your right hand?

Can you choose 3 different measures and play them 4 times each for me?

That sounded difficult, maybe try starting part-way through and playing it slowly?

What do you think you need to work on in that piece?

Can I hear a piece you used to play a long time ago?
